

Droplet Digital PCR Conference

ddPCR for a Multiplex of Reasons

Wednesday 20th September 2023

Molecular Biotechnology Center (MBC)

Aula Darwin

Via Nizza 52, Turin, Italy

Scientific Programme

All talks given in Italian

09:00 – 09:30 **Registration**

09:30 – 09:40 **Welcome and introduction.** *Bio-Rad Laboratories*

09:40 – 10:00 **Droplet Digital PCR technology.** *Bio-Rad Laboratories*

10:00 – 10:30 **Metrology for molecular diagnostics: digital PCR as primary reference method.**
Carla Divieto, INRiM National Metrology Institute of Italy

10:30 – 11:00 **Advances in marker detection and minimal residual disease (MRD) monitoring in Lymphoma by ddPCR.** *Daniela Drandi, University of Turin.*

11:00 – 11:15 **Coffee break**

11:15 – 11:45 **Precision medicine in solid organ transplantation: donor derived cfDNA as a valuable non-invasive marker of graft injury and rejection.** *Monica Sorbini, University of Turin*

11:45 – 12:15 **Assessing salivary SARS-CoV-2 viral load in pediatric and healthcare worker cohorts.** *Cinzia Borgogna, University of Piemonte Orientale*

12:15 – 12:45 **ddPCR & NGS for viral genome copies determination.** *Katia Cantalupo, Merck Serono*

12:45 – 12:55 **Bio-Rad Droplet Digital PCR systems.** *Bio-Rad Laboratories*

12:55 – 13:00 **Closing remarks.** *Bio-Rad Laboratories*

13:00 – 14:00 **Lunch and meet the experts**
